Foreword

As a fitting theme, we have selected symbols of medieval England to be used throughout the yearbook. Reading High School, affectionately nicknamed the "Castle on the Hill" has often had its students referred to as "Knights and Ladies." Now, we'd like the knight's headpiece and old English style print to remind the readers of this association.

In aspiring to attain knighthood, a lad in old England had a procedure to follow, and could only achieve his goal by proving himself worthy at each stage. So, we too, as students, must work diligently toward our goal in steps—from the elementary to the secondary school, and on to further education or to gain the experience necessary in reaching success.

When the Englishman was finally dubbed a knight, this did not mark the end to his career; instead, it was only the beginning of many years of service to his king with many adventures ahead of him. In the same sense, graduation should be thought of as the point at which a student can look back on his advances with pride, and ahead to a life full of challenging experiences.

Note of Appreciation

In his capacity as the official photographer for each senior class since 1953, Mr. Joseph Kravits has taken a total of over twelve thousand individual senior pictures of Castle students, and a much greater number of photos of curricular and extra-curricular activities at Reading High School for inclusion in the school's yearbooks.

As always, wherever and whenever the services of an official photographer were needed, he gladly did his part to make each publication a success.

On behalf of the "Class of 1969", we, as members of the Arxalma staff, would like to express our deep and sincere appreciation to him for his dedicated loyalty and service, and furthermore, we wish him continued success in the future.

Great strides in education were made in the Reading School District this past year as a result of the continuous and dynamic action of the Board of Education. Long-range building plans which became realities involved the opening of five new schools. This included the four million dollar Reading Muhlenberg Vocational Technical School plus four new elementary schools, namely Thirteenth and Green, Twelfth and Marion, Tenth and Green, and Sixteenth and Haak. Special provisions made possible for the enrichment of the instructional program included the construction of a planetarium at the Reading Public Museum and Art Gallery, and the conversion of the Northmont annex into the first centralized audio-visual aids center for the entire district.

Too numerous to mention were the countless other routine and special matters completed by the school board this past year which enabled Reading's public school system to maintain its prominent position in the field of education.

Future plans of the Board include a massive athletic complex at the Castle, construction of a Northwest elementary school with a notarium, and an addition to the Lauer's Park elementary school.

Legal counselors selected to represent the Board were Mr. Terrence E. Conner as Solicitor and D. Frederick Muth as the Assistant Solicitor. Mr. Terrence E. Conner had previously held the position of Assistant Solicitor, but was named to his present post upon the death of Mr. John L. Rhoda, the former solicitor.

Industrial Education

Reading High School

Acting Chairman—

Mr. Charles G. Thomas

Within the last five years, great strides have been made in the industrial education program for Reading High School students. In the 1963-64 school term, ten courses were offered in industrial education on the Castle's ground floor, namely carpentry, cabinet making, electrical construction and maintenance, electronics, metal fabrication, auto mechanics, printing, drafting, and machine courses. In September of 1964, the Northmont annex was opened to provide five additional instructional areas of auto mechanics, building maintenance and repair, upholstery, small appliance repair, and architectural drawing. This brought the total number of courses in the industrial program to fifteen.

Recently with the opening of the Reading-Muhlenberg Technical School in September 1968, twenty-eight comprehensive courses were offered to Reading High School students taking the vocational-technical curriculum. These include the Castle's industrial vocational shops which were transferred to the new school. Afterwards, only a reorganized industrial arts program was provided at Reading High School for this curriculum. Shops at the Castle were remodeled and modernized, and instruction was available in the course areas of graphic arts, general metals, general drafting, power technology, and general wood.

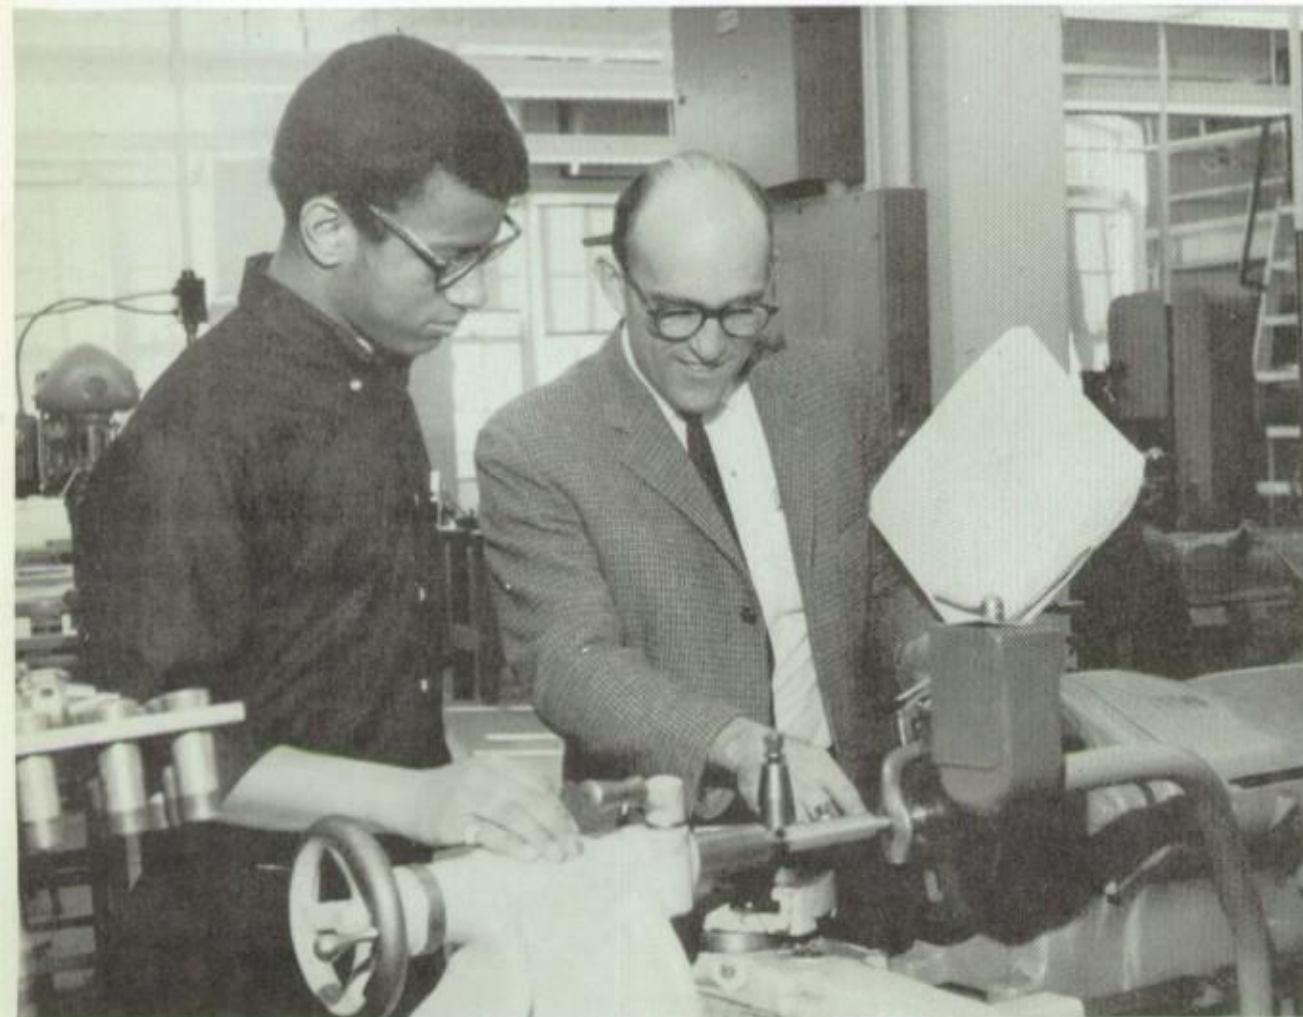

Reading High School's combined industrial program, encompassing the most modern equipment and facilities, adequately provides the means for industrial students to prepare for today's world of industry and technology.

Mr. Hiram D. Hoch

Throughout the year the various instrumental and choral organizations of the department provided appropriate music for assembly programs and community functions.

Worthy of special note were the achievements earned by Reading High School's Marching Band and Auxiliary Units at the Forty-Second Annual Shenandoah Festival in Winchester, Virginia on Thursday, May 1, 1969 and Friday, May 2, 1969. In this competition, the Castle's groups won second place honors in the Fireman's Parade, and the same award in the Grand Feature Parade. In the latter event, Reading's entries competed with eighty-five other bands from fourteen states. Last year the band placed first in this activity.

Frequently, Mr. Charles Lutz, the choral instructor, utilized blackboard drills to explain fundamental principles of harmony to his students.

Art Department

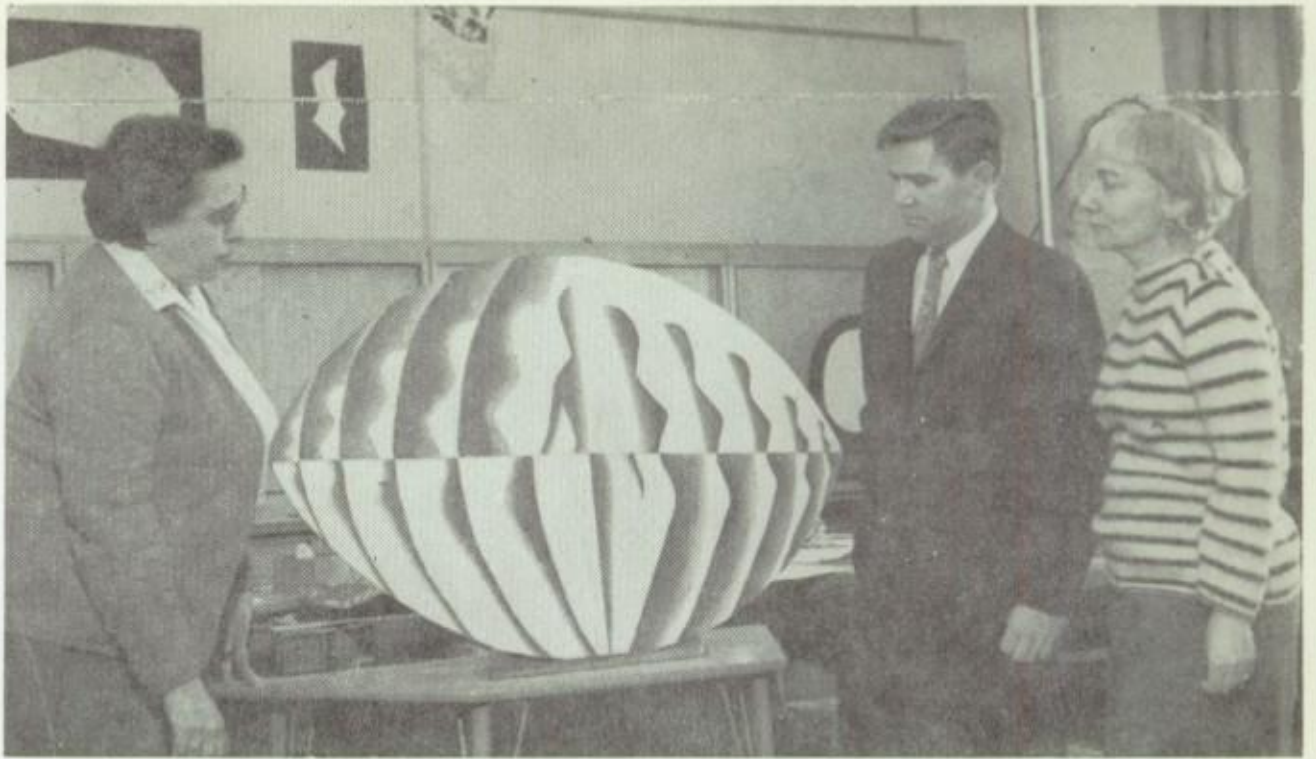

Instructors—

Miss Kathleen L. Reilly
Mrs. Palma Reynolds

Generally speaking, the art curriculum included areas of study in the commercial, general, and fine arts fields, plus a comprehensive program in crafts.

Other courses consisted of a yearbook designing elective and a newly-added two-period per week fine arts appreciation program.

Of special importance this past school term was the fact that students of the art department of Reading High School were chosen to design a mural to be placed in the Kennedy Memorial Fine Arts Building in Washington, D.C.

Throughout the year, members of the art department and Dr. Harry Bentz, Supervisor of Art for the Reading School District, carefully analyzed students' outstanding creative projects for display and competition.

Miss Kathleen L. Reilly, art instructor; Dr. Harry Bentz, Supervisor of Art for the Reading School District; Mrs. Palma Reynolds, art instructor

In addition to her extensive program of crafts, Miss Kathleen L. Reilly gave her art students countless opportunities to express and improve their artistic talent through numerous art activities.

Health Department

Chairman—Mr. Harrison H. Stump

As in previous years, the health curriculum consisted of a comprehensive health course in tenth grade, a safety education program with optional driver training instruction in eleventh grade, and an advanced health curriculum including a Standard First-Aid course and Civil Defense unit in twelfth grade.

Following a traditional practice, any twelfth grade student who earned an average of 85 or above in the first-aid course was awarded a Standard First-Aid Red Cross Certificate.

New equipment acquired by this department included two hundred new first-aid textbooks to be used by tenth grade health students.

At one of the department meetings Mr. Harrison H. Stump, the chairman, introduced Miss Katharine E. Kaufmann, the newly appointed Director of Physical Education for the Reading School District, to his staff.

Seated—Mrs. Janet B. Gorman, Mrs. Elizabeth N. Ruhrman, Mrs. Rita P. Burkey, Mr. James A. Ervin; Standing—Mr. James H. Gano, Mr. Jack C. Prutzman, Mr. Bernard Kaplan, Mr. George A. In addition, the registered school nurses made arrangements for administering the state mandated audiometric and vision tests to students of the sophomore and senior classes; physical and dental examinations for members of the junior class; and x-ray examinations for employees and the student body.

Extra-curricular activities of this department included the sponsorship of the Future Nurses of America Club for girls who were interested in future nursing careers.

One of the large scale clerical tasks for the school nurses was to keep the student health records up to date.

Standing—Mrs. Jean Smith, R.N.; Seated—Mrs. Ruth Heist, R.N.

Physical Education Department

Chairman—Mr. Harrison H. Stump

In the regular physical education classes, this department provided Castle students with an extensive curriculum of individual and group activities.

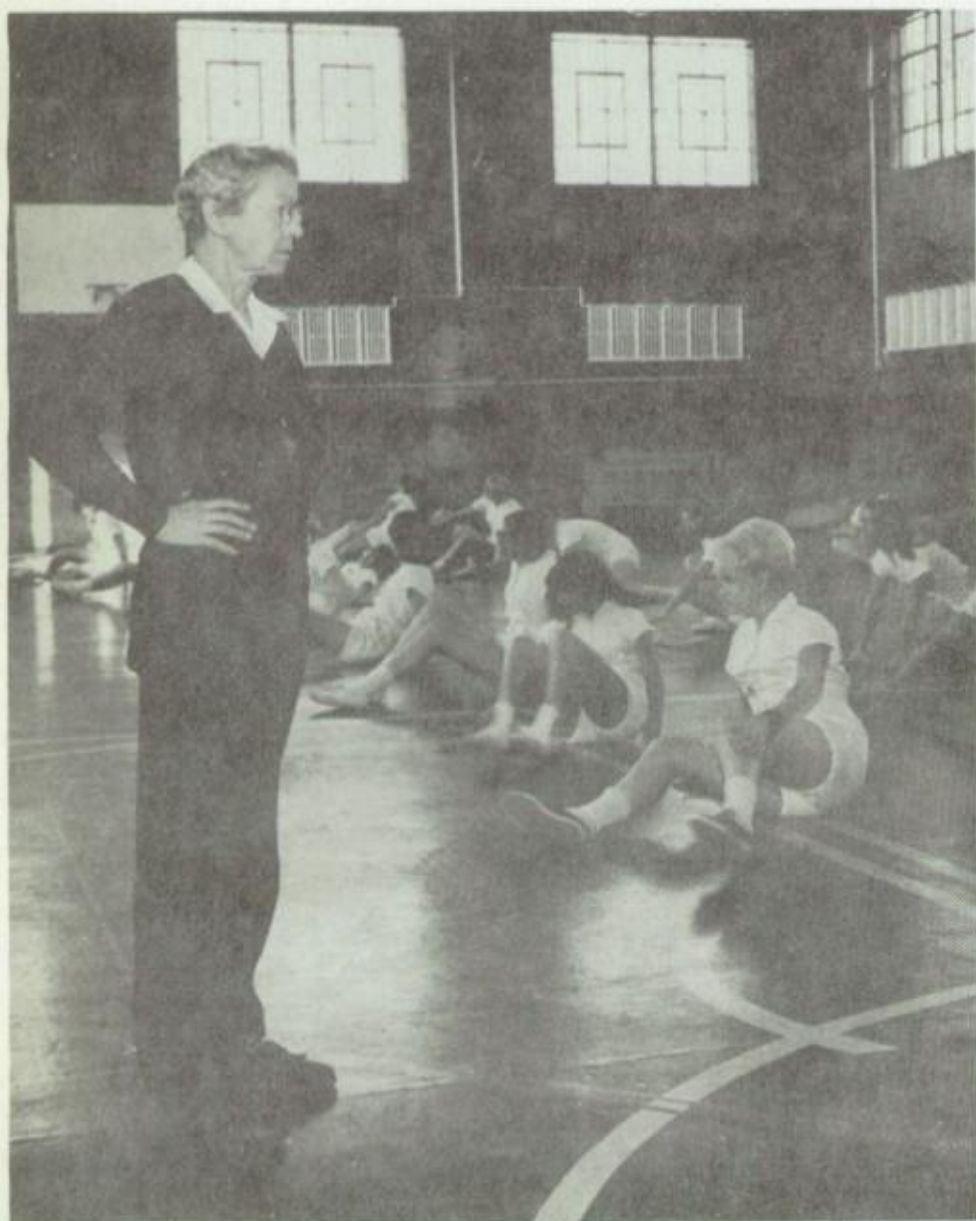

Two new extra-curricular sports programs, namely bowling and gymnastics, were sponsored by the department in addition to thirteen interscholastic sports, the three intramural sports for boys, and nine for girls.

Advanced physical electives were available for boys and girls who were interested in planning careers in physical education or related fields.

During one of her visits, Mrs. Katharine E. Kaufmann, Director of Physical Education for the Reading School District, informed the high school staff of a new instructional film available for classroom use.

Safety Education Department

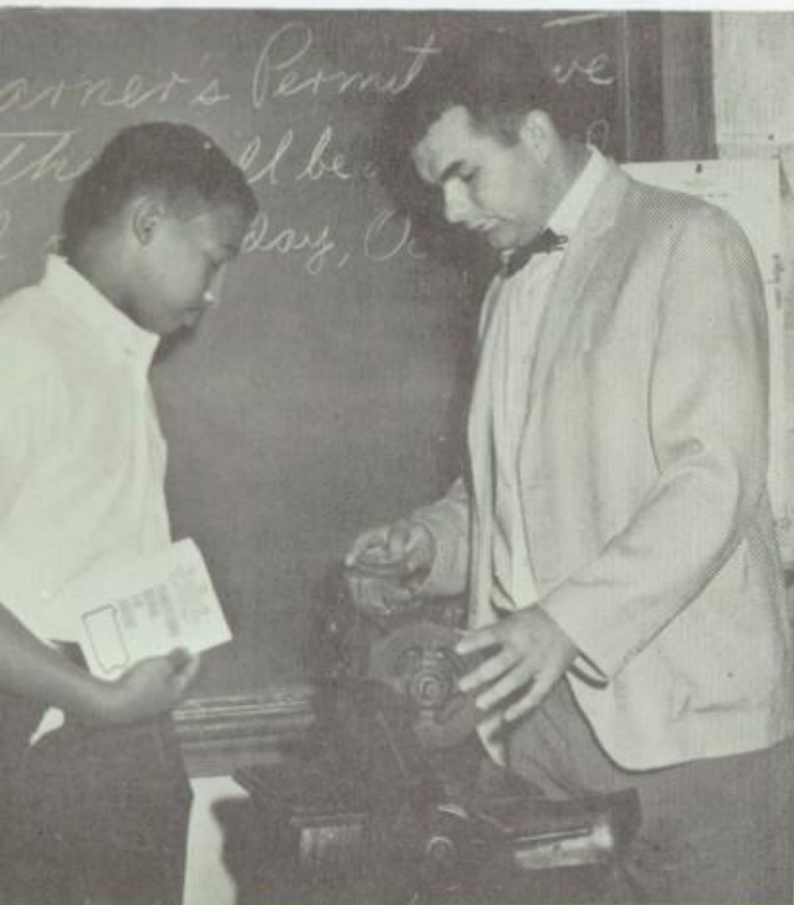

Instructors—Mr. James A. Ervin
Mr. James H. Gano
Mr. Bernard Kaplan
Mr. George A. Pappas

Safety education at Reading High School consisted of a mandated course in pedestrian and automobile safety for all eleventh grade students, plus a driver training program which was optional to pupils of the same grade.

This year four certified instructors and three district-operated driver training cars were available to any junior who was interested in gaining knowledge and experience in preparing for his state driver test.

Mr. James Ervin acquainted his students with the structure of an automobile with the use of illustrative charts.

Dave Clemmens, Janet Spitz, Susan Snyder, Mr. James A. Ervin, instructor

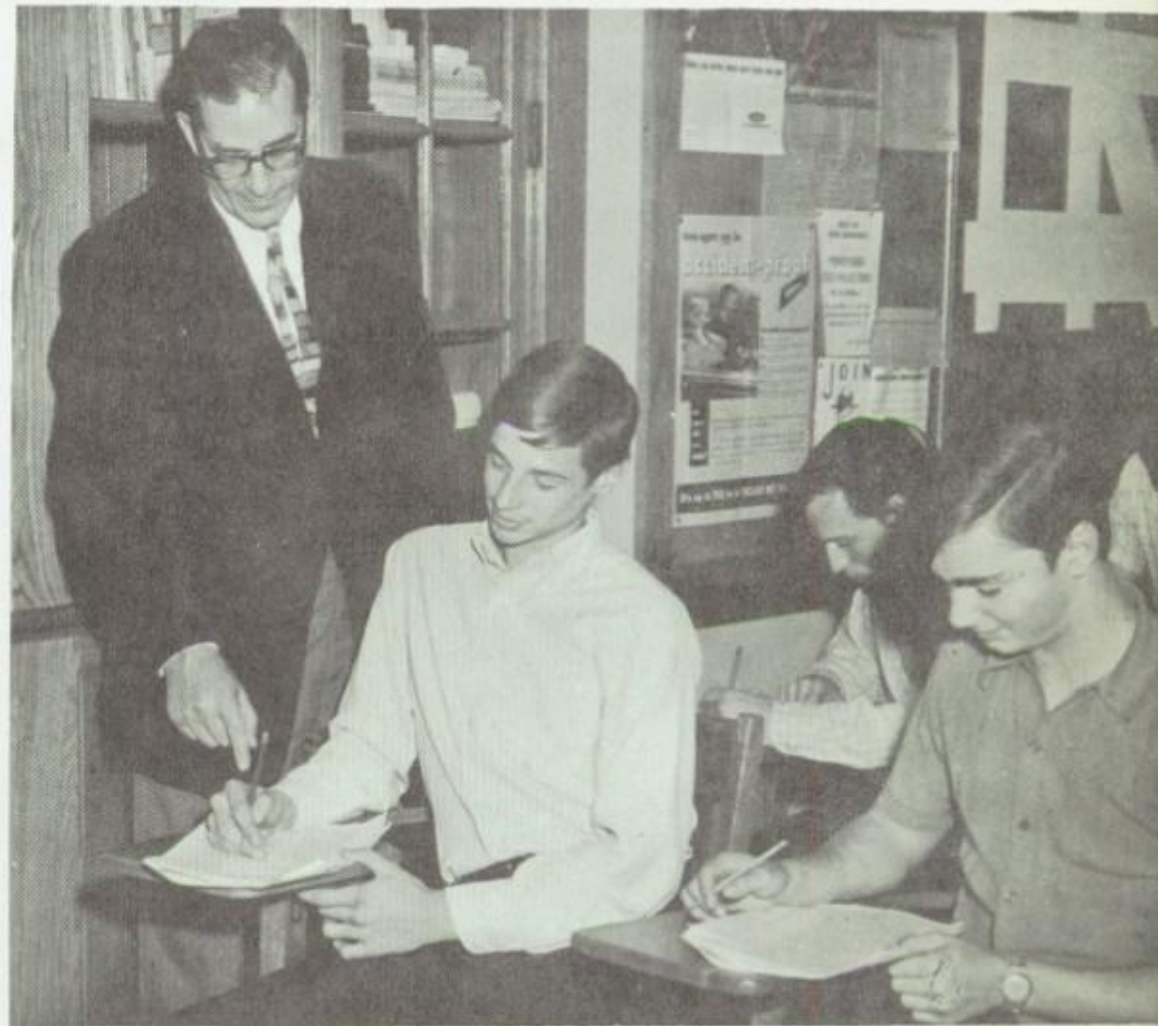

Through the use of authentic parts of a motor vehicle, the certified instructors could impress upon the students the importance of good car maintenance and operation.

Librarians—Mrs. Pauline S. Obold
Mrs. Eleanor B. Printz

Library Secretary—Miss Louise Kilar

General library materials available to Castle students this past year included approximately nineteen thousand home reading and reference books, close to one hundred and fifty magazines, plus five daily newspapers. Accessible for special research and other uses were nine sets of popular encyclopedias, a Freedom Shrine, five-year files of magazines, plus numerous vertical files of pictures and general information including career pamphlets.

Personnel changes in the department included the naming of Miss Louise M. Kilar to the position of library secretary.

Currently, the school library is affiliated with the Lehigh Valley branch of the Pennsylvania Library Association and the American Library Association.

Throughout each day, the books were processed quickly in order to have the greatest number of books on the shelves at all times.

Highlighting the special activities of the student librarians was the field trip to the Seventeenth Annual Teen-Age Library Association Convention which was held on Wednesday, October 16, 1968 at Kutztown State College.

Worthy of note is the fact that Jane Ludwig, a student library assistant at Reading High School, served as vice president of the Teen-Age Library Association this past year.

Under consideration are plans to transfer the library facilities to the gymnasium upon completion of the proposed new field house.

Attractive bulletin board displays prepared by junior librarians kept students well-informed of the availability of a variety of library materials.

During the school year new books were prominently displayed to arouse student interest in stimulating and timely publications.

Sandra Notobartolo, Gladys Sigafos

Karen Miller, Donna Spies and Karen Birnstock placed first, second, and third, respectively in a sewing contest sponsored by the Reading Civic Woman's Club. Dolores Merinsky won third place in Pomeroy's Golden Scissors Contest. In addition, Karen Birnstock was nominated to the McCall Pattern Fashion Board.

Special departmental projects in which students took an active part included a tea for parents of students inducted into the National Honor Society and a Christmas Tea for the high school faculty.

At one of the department meetings, Mrs. Hannah M. Orr, chairman, and members of her staff discussed appropriate Yuletide decorations to be used in the department's living room.

Audio-Visual Aids Department

Co-ordinator—Mr. Philip W. Moore

In addition to their routine services, the staff handled the sound and lighting for the school dances. For the first time this year, they also operated the audio-equipment in the assemblies.

Members of the Audio-Visual Aids staff receive detailed instructions from Mr. Philip W. Moore, sponsor, as to the proper method of operating their newly-acquired 35 millimeter slide film projector designed for auditorium use.

Developmental Reading

Instructor—

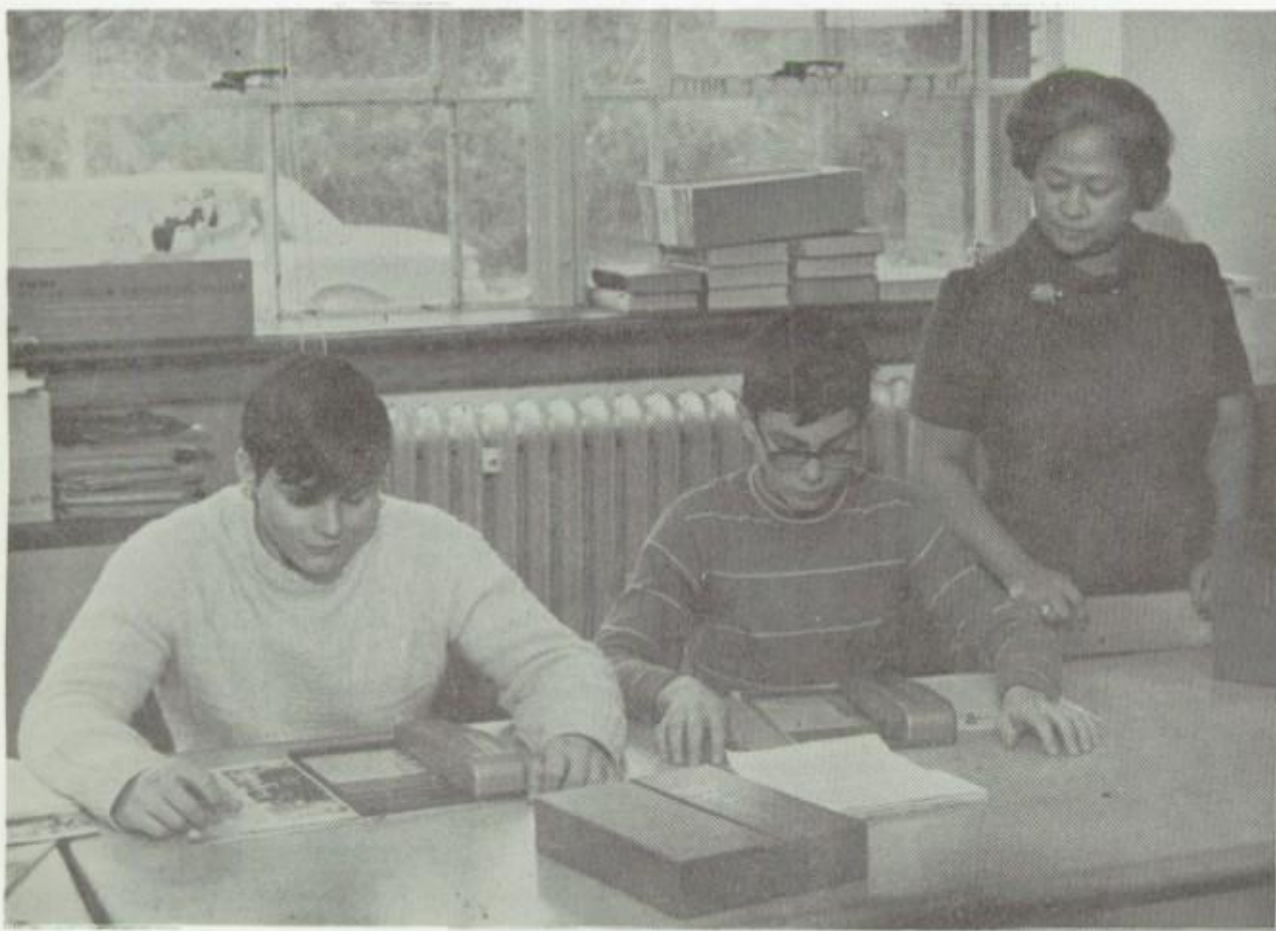

Mrs. Elizabeth W. Goodwin

For the students of the sophomore class at Reading High School, this one period per week reading course was a required one.

In the reading laboratory in Room 115, the tenth grade students were able to improve their reading through the specialized training provided by the reading consultant.

Frequent use of special reading machines helped each student improve his reading speed and comprehension.

Auxiliary Personnel

Cafeteria Staff

Manager—Mrs. Ruth M. Mohler

Because of the additional facilities made available by the opening of the Reading-Muhlenberg Vocational-Technical School, the twenty-seven members of the cafeteria staff at the high school served only three lunch periods instead of the customary four.

As usual, Reading Senior High School participated in the National School Lunch Week program. It was held during the seven-day period beginning October 13, 1968. Castle students received the All-State Menu, prepared and served by all school cafeterias throughout the state on October 16, 1968.

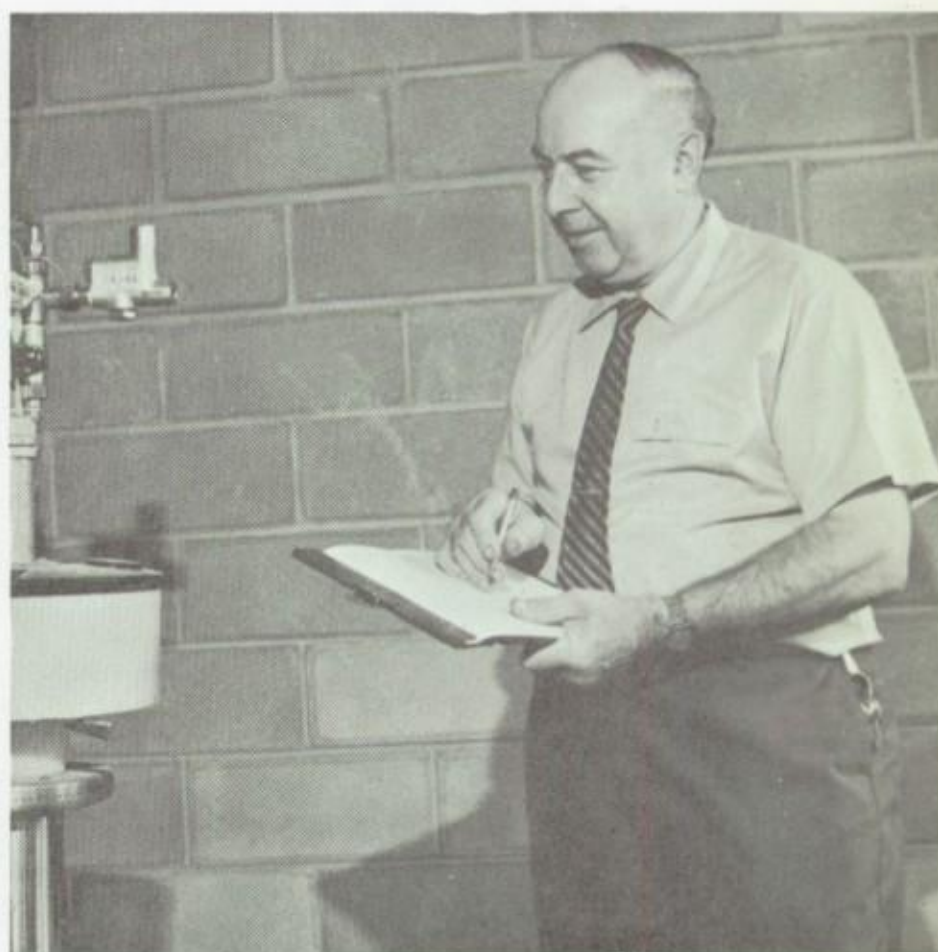

Bookroom Custodian
Mrs. Ann L. Dziamba

This past school term marked Mrs. Ann L. Dziamba's ninth year of service to Reading High School. For five of these years, namely from 1960 to 1964, and again during the 1968-69 school term, she acted as the Castle's regular bookroom custodian.

Among her many routine duties was the distribution, storage and recording of textbooks. At specific times, she also served as one of the elevator operators.

Throughout the year, Mrs. Ann L. Dziamba supplied teachers with textbooks and other classroom materials from the Castle's three bookrooms.

Custodial Staff

Head Custodian—Mr. Carl Hiester

Personnel in this group consisted of thirty-two men and women.

Members of this staff rendered their specific and routine services in the main building, in the gymnasium, in the solarium, and in the field house.

On the campus, the custodians provided maintenance care for the school's three athletic fields, and for the newly-constructed parking areas located on the southwest corner of the school grounds.

Besides his supervisory tasks, Mr. Carl Hiester, head custodian, made periodic checks to see that all new equipment functioned properly.

Head Sponsor's Message

Among the poems of Elizabeth Coatsworth, there is a lovely vignette, "Swift Things Are Beautiful." In it, the author extols the fleet: "swallows and deer, and lightning that falls bright-veined and clear." But in 1969 the title might be "New Things Are Beautiful." Contemplate the mystery of birth, the coming of day, a first night in the theatre. Even more dazzling are the marvels of a technological era that has barely begun. Architectural triumphs house families, businesses, industries. Inside these structures, innumerable time-saving and labor-saving devices are at work. Outside, super-highways zoom super vehicles to every corner of the nation. Beside these roads, other mechanical monsters succor the farmer. Overhead, the skies are a playground for a plethora of whirling wonders. The moon is a mere giant step away. When were opportunities for youth ever greater? Yet amid this bounty, there is famine; unhappiness, disrespect, frustration, violence, destruction persist. Why?

The title of Miss Coatsworth's poem is misleading; only the first stanza sings of swift things. There is a counterbalancing second stanza which tolls the beauty of slow things: "the ember that crumbles, the opening flower, the ox that moves on in the quiet of power." Perhaps the beautiful new things also need a catalyst. Perhaps it is time to remember that old things are beautiful, too: Stonehenge, the oak in the forest, a Beethoven sonata, the flag going by in a parade. Things such as the Halloween pumpkin, the Thanksgiving turkey, Christmas carols and the mistletoe. Things such as the cop on the beat, the family together for Sunday prayer and dinner, Alma Mater, and pleasant memories. Things such as respect for authority, personal discipline, and a real sense of values. And so then when you, the Class of 1969 and your generation, have learned to temper the exuberance, imagination, and splendor of the new with the sobriety, experience, and permanence of the old—hopefully then you will have taken a first long stride toward molding the world of decency and peace that man so richly deserves, the impossible dream that he is capable of approaching.

Senior Class Officers

Class President's Message

When you receive your diploma it marks the genesis of a new life. Commencement means beginning and it signifies the blossoming of vast horizons for us to explore. But these will not come without hard work and perseverance. In today's society, where social and welfare benefits are handed to us on a silver platter, one should not be misled by "ideal" promises. Nothing is going to come easily; it is going to take plenty of hard work.

Our objective, as members of a democratic society, is to become successful citizens. Graduation day will mark the day of decision. We are at the threshold of a new and exciting world. We are the future generation that will have to face many challenging situations. We must have perseverance and good judgment and be able to utilize our education.

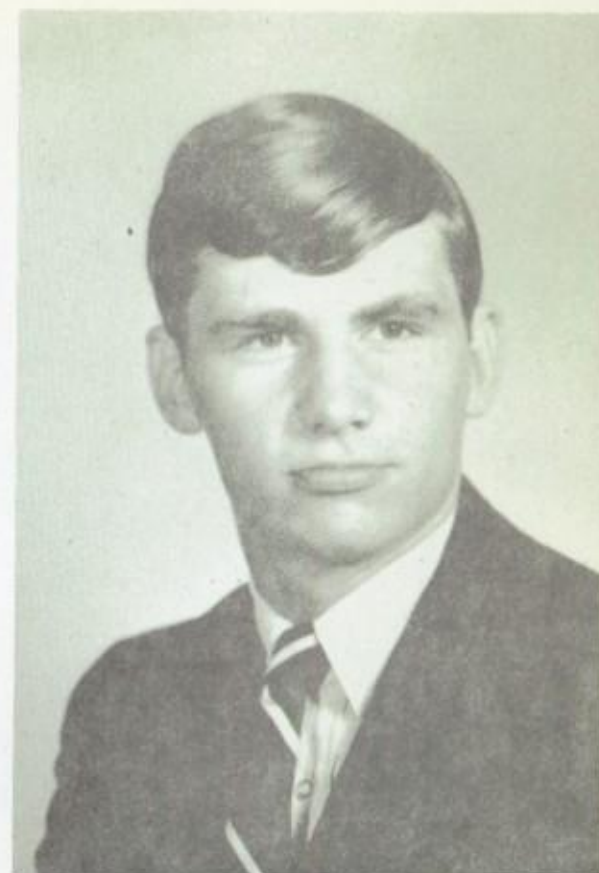

Although we have looked forward to this day, we must realize that we are leaving behind the best years of our lives. We have met many people and made lasting friends. Each of us will cherish his memories of our years together; the studies and friendships which were so much a part of these wonderful years. We should strive to mold these souvenirs of time into a base for our future endeavors which offer unlimited opportunity, to those who, in earnest, seek to reap the fruits of greatness.

In closing, we the "Class of 1969" wish to express our deepest appreciation and gratitude to our class sponsors, and to everyone who helped make the senior class activities as successful as they were, and to those who made our stay at the Castle on the Hill very rewarding and unforgettable.

Varsity Football

For Reading High School's opening gridiron encounter, the Knights traveled to Bethlehem in search of their first victory. By amassing a ground attack of 282 yards, Reading rolled to a 28-14 conquest over Liberty High.

Reading was less fortunate in the next three games. On home grounds, Steelton High and the Red Knights waged a 6-6 duel until a Steamroller stole the football and scampered sixty-three yards for the winning touchdown. As a result, Reading lost 13-6. For his outstanding performance in this contest, Red Knight Raymond T. McFee was named Lineman of the Week by the Touchdown Club of Berks County. Wishing to avenge a 27-0 defeat suffered last year, the Knights challenged John Harris and their thirty-eight game winning streak. Dipipi's shock troop was leading until late in the fourth quarter when the Pioneers scored and made Reading victim number thirty-nine with a final score of 25-20. York High extended the Knights' losing streak as they upset our gridmen by a narrow 16-13 score.

At Williamsport, the Castle gridmen fought the Millionaires to a discouraging 0-0 deadlock.

At mid-season, the tide turned for the better when the Red Knights registered three consecutive wins. By crushing Lancaster High 33-0, the Knights earned their first league victory. Cedar Cliff was next to fall as Reading downed the Colts 27-7. Then, the Knights handed William Penn a 13-7 setback. For his superb playing in this game, the Touchdown Club of Berks County presented the Lineman of the Week award to Francis Coleman. This was the Knights' last league victory of the season.

Reading High lost the next two games by close margins. At Lebanon, the Knights could muster only two tallies. As a result, Reading lost to the Cedars by a 13-12 score. Once again, on foreign soil, our Knights suffered their second straight loss, 14-7, from Central Dauphin.

Albright Stadium was the scene for the traditional Thanksgiving Day game with Pottsville. By halftime, the Knights led the Crimson Tide 20-0. In the third quarter, the Castlemen registered another TD to make the final score 27-0. Thus, Reading High earned a one-year possession of the cherished "Lump of Anthracite" coal trophy.

Francis Coleman was honored as "Lineman of the Year" by the Touchdown Club. Raymond T. McFee was honored as the lone Reading player on the first team All-CPC. With a 3-5-1 standing, Reading High placed seventh in Central Penn Conference action.

Coach—Mr. James A. Ervin

In their initial game, Coach James A. Ervin's booters came through with a fine 4-1 victory over Wilson High at the opponent's field. Scott Beidler mastered a hat trick by scoring three times.

Reading's Municipal Stadium was the setting for the Red Knights' only night game. As a result of a penalty kick by Gary Schultz, Reading was able to edge Conrad Weiser, the defending champions, 1-0.

In the first stalemate of the season, Reading opened its game with Cedar Crest quickly by scoring in the first quarter. Peter Stelmach made Reading's only tally with a head ball. With five minutes left in the match, the visiting Falcons scored once.

Reading's first soccer defeat in league competition was inflicted by Tulpehocken, 2-1. In the Knights' second consecutive setback, a forty-foot goal made by a Trojan in the third quarter gave Elco the deciding 1-0 edge.

After two straight losses, Reading posted two consecutive wins. First, the Knights crushed Wilson High 7-0 on our home grounds. In a return match with Conrad Weiser, the Red Knights again defeated the Scouts, but this time by 2-0.

For the second time this year, Reading High and Cedar Crest fought to a 1-1 tie.

Reading concluded its soccer season with three successive losses. First, the Knights were held scoreless at the hands of the Tulpehocken High School, 1-0. In the next encounter, the Red Knights were deprived of a victory when the Trojans ended with two points on the slate. Reading's tally by Kevin McQuaite remained singular. Reading High suffered its last defeat to Lancaster High School, 5-2, in the only non-league game of the season.

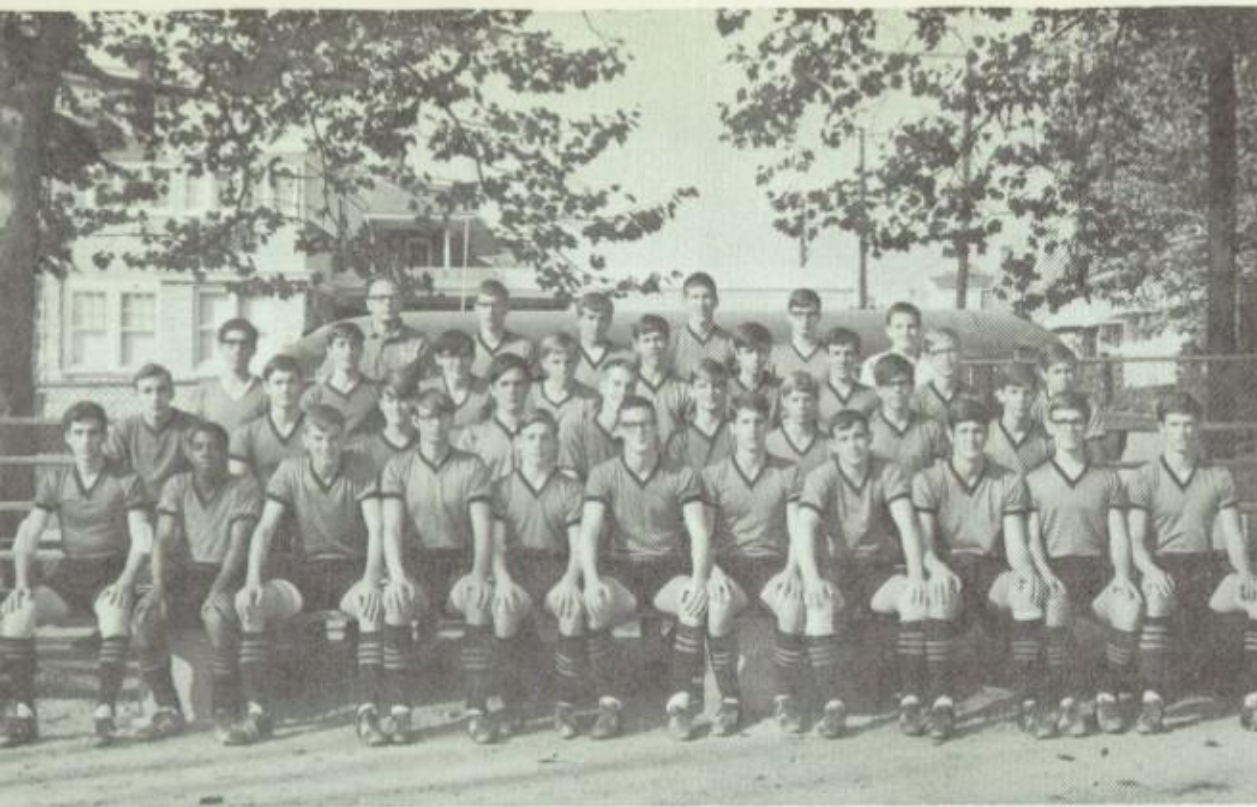

With a record of 4-5-2, the Knights ended the season in fourth place in league competition.

Varsity Basketball

Head Coach—Mr. Max A. Missbach, Jr.
Assistant Coaches—Mr. James H. Gano
 Mr. Bernard Lillis

In the 1968-1969 basketball season, the varsity squad developed into a team of hustlers. After losing five out of their first six games, the Knights finally made amends for their lack of outstanding height and individual scoring threats by working as a team. Starting with Wyoming Valley West, a District II opponent, the Castlemen were off to a six-game winning streak. During this string of victories, the best offensive, 82 points, and defensive 29 points, were made. John Harris ended the chain of wins by beating Reading in the last contest of the first half of the season. At this point, Missbach's cagers stood in fourth place in the CPC with a six-three league record.

For the first six games of the second half of the season, the Knights posted a strange record of alternating wins then losses. Successive conquests in the final three games gave the Reading dribblers a run of three straight victories. Once again Reading compiled a six to three log in conference play, but this time a tie for third position was attained.

With a final record of 12-6 in league play, Reading placed fourth in Central Penn Conference action. In over-all action, the Knights posted a 13-9 record.

For the second straight year, John Shinkus and Walker Wadsworth finished first and second, respectively, in the Reading High School basketball point scoring. Shinkus led the team with 290 points followed by Wadsworth with 277 points.

Junior Varsity Basketball

Coach—Mr. James H. Gano

For the first time in many years, the Reading Junior Varsity Basketball team opened the season with two non-conference opponents instead of the customary four. Reading succeeded in defeating both foes by overpowering nearby Governor Mifflin, 67-34, and Phoenixville, 52-44. Previous opposition not included in the schedule this year were Norristown and William Allen.

In league competition, the Baby Knights earned a third place position by winning thirteen games and losing only five.

During the season Reading's junior varsity squad played their conference opponents twice. Reading won both games against York, Cedar Cliff, Lebanon, Lancaster, and John Harris. Single wins were registered against Central Dauphin East, William Penn, and Central Dauphin. In the unbelievable finish, Reading lost only one of its last ten games and that to title-winning Steelton-Highspire by six points. Steelton-Highspire was the only team that defeated the Baby Knights in the two games.

Leading jayvee scorer was John Ignatosky with 259 points, which gave him a thirteen point average. Second was Kenneth Stubblebine with 170 in seventeen games which gave him a ten point average for the season.

Intramural Sports

Sponsor—Mr. Harrison H. Stump

Over a period of years, the boys' intramural sports program usually consisted of such athletic activities as touch football, basketball, archery, and gymnastics. With the introduction of a greatly expanded gymnastics program this year, only three of the customary intramural boys sports were offered.

In both the football and basketball leagues, twelve teams took part in the competition.

For the most part, the boys participated in archery to develop skill and techniques rather than play on a tournament action.

Through the combined and respective services of the members of this group, the Castle was able to offer a comprehensive curriculum in physical education, and an extensive extra-curriculum program of three intramural sports for boys, nine intramural sports for girls, and fifteen major and minor interscholastic sports for boys.

Administrative changes this year included the naming of Miss Katharine E. Kaufmann as the Director of Physical Education for the Reading School District. She succeeded Mr. Robert J. Perugini who replaced Mr. Al Como as Director of Athletics for the Reading School District. In this same year, Mr. Al Como was chosen to assume the role of administrative assistant to the superintendent of schools. Custodial appointments consisted of assigning Mr. Samuel Kilyk and Mr. Frank Przestryelski as gym custodians. They filled the positions formerly held by Mr. Henry LaPage and Mr. Irwin Wealand, respectively.

In addition to his administrative tasks in the athletic program, Mr. Roland P. Kyle helped to provide the means for adequate publicity for the school sports.

Girls' Sports

Archery

Sponsor—

Mrs. Elizabeth N. Ruhrman

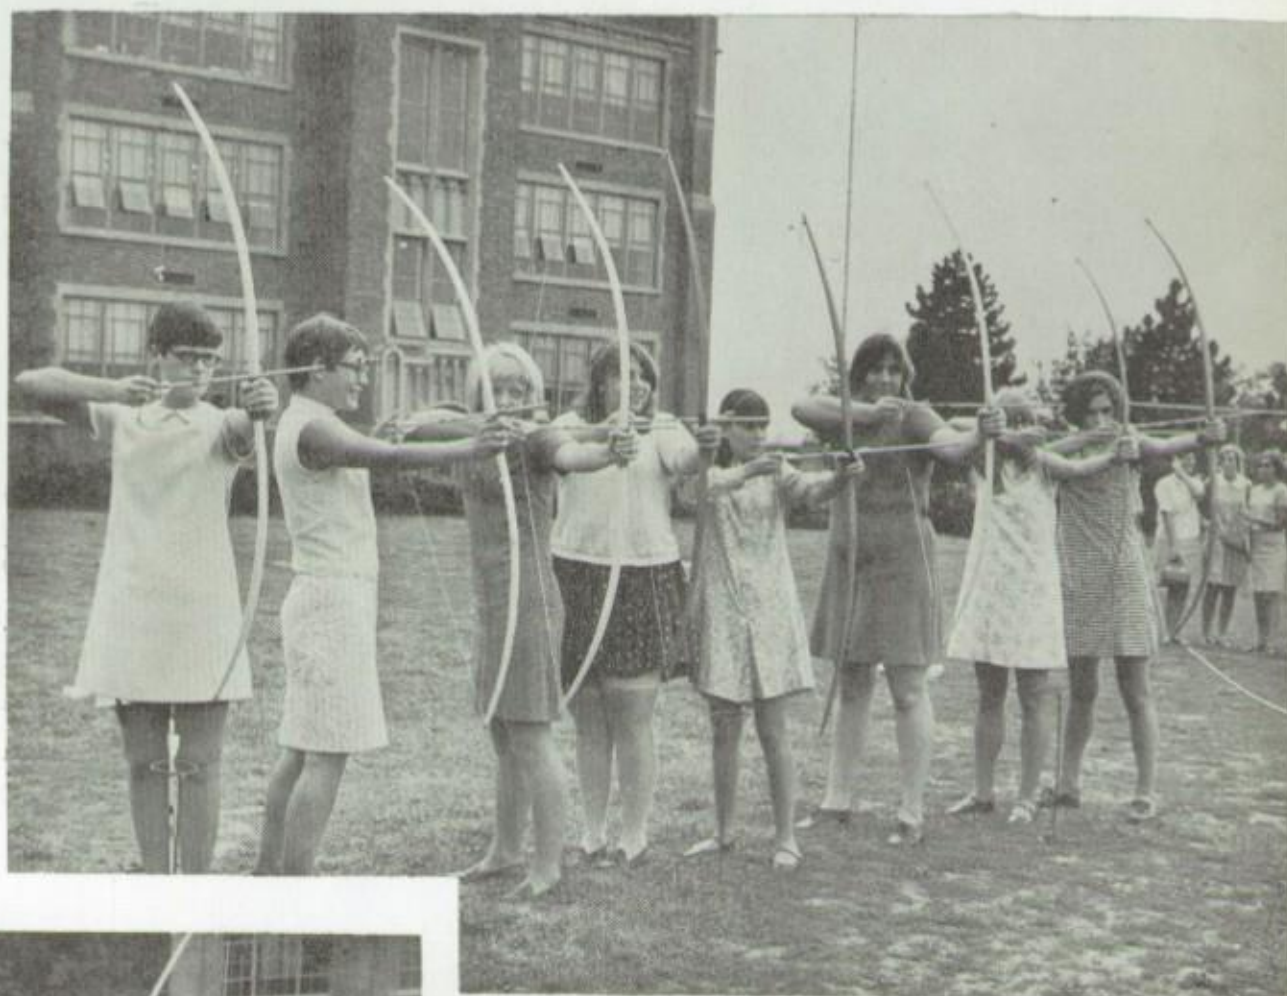

This marked the fifteenth consecutive year that archery was included in the girls' intramural sports program. Evidence of the popularity of this first activity was shown through the large turnout of one hundred and thirty-two girls enrolled in the sport.

After the final scores were tallied, the girl with the highest number of points was named "Queen Archer." This year Joan Spencer of the twelfth grade won this honor by scoring two hundred and thirty-four points.

At the beginning of the season, eager archery enthusiasts listened attentively as Mrs. Elizabeth N. Ruhrman, the sponsor, explained the procedures to be followed during competition.

With a turnout of seventy-two girls, five softball teams were formed, namely the Tini-Boppers, the Vikings, the Sluggers, the Box Tops and the Fire Balls.

Games were scheduled for every Monday and Wednesday during the month of October. During the competition, two games were played simultaneously on the two baseball diamonds in front of the gymnasium.

At the end of the season, the Sluggers won championship honors with a record of three wins and one loss.

Through special instruction given by Mrs. Elizabeth N. Ruhrman, the girls were able to improve their batting averages.

Sponsor—Mrs. Janet B. Gorman

For the fourth successive year, soccer was one of the intramural after-school sports sponsored by the Girls' Athletic Association. Originally, this sport replaced hockey in the fall sports program.

Games were played every Monday and Wednesday during the months of October and November.

From a turnout of eighty-two participants, six teams were formed, namely the Soccerettes, the Association, the Vikings, the Sockettes, the Mini-Skirts and the Tini-Boppers.

With a record of three wins and one loss, the Mini-Skirts copped championship honors.

After a busy day of studies, the Castle ladies looked forward to action-packed games of soccer.

Regular games took place every Monday and Wednesday from the middle of February to the middle of March.

Competition was keen, but the Spikers managed to win championship laurels by winning twelve out of the fourteen games played.

Throughout the season, eager Castle ladies dashed to the gym floor to engage in fast-moving games of volleyball.

With an enrollment of seventy-one girls, the turnout was much greater than last year.

Individual competition took place on the twelve lanes every Thursday after school during the months of September, October, and November.

By earning the highest average, Donna Fisher of grade eleven won championship honors for the season.

Table Tennis

Sponsor—Mrs. Janet B. Gorman

Participants in this sport were divided into two categories, namely the advanced and the beginners groups. For the more experienced players, tournaments were held in the girls' gym while the beginners practiced on the second floor in front of the girls' locker room.

Because of the large turnout and the limited playing time of three weeks, no final playoffs were held.

Tie for first place in grade ten were Patricia Witmyer and Deborah Hassler. In grade eleven, Esther Sullivan was the champion. Diane Reber and Marcia Hare shared title laurels in grade twelve.

During the season, the girls experienced many thrilling moments of keen competition.

First of the two spring sports offered for girls at Reading High School was badminton. This was the last of the indoor sports for the school year.

Competition was held for two weeks in March. Games were played from Monday through Thursday inclusively in both the girls' and the boys' gymnasiums to accommodate the turnout of thirty-three girls.

Champion doubles for the two ladders were Marcia Hare and Deborah Hassler in the boys' gym, and Lorraine Frantz and Pamela Miller in the girls' gym.

On April 16, 1969, fifty-four girls registered for this sport. Competition was divided into two sections, the beginners division and the tournament division.

Sessions were held twice a week, namely on Mondays and Wednesdays during the months of April and May.

Matches and practices took place on the courts directly in front of the girls' athletic field and on the Hampden Park courts.

Before reporting to the tennis courts, one of the participants gets the necessary equipment from Mrs. Rita P. Burkey, the sponsor.

Advanced Physical Education

Sponsor—Mrs. Janet B. Gorman

This six-period per week elective was offered to senior girls who were interested in gaining valuable training and experience for future careers in physical education or its related fields.

Each Monday during the first period, the trainees were given basic instruction in theory. To enable the girls to get practical experience, they served as assistants to the gym teachers for five periods. For two periods, they took part in their regular gym classes.

Highlighting the activities of this group were the active parts the members took as registrars and officials for the junior high play day.
